⚠ WARNING

The State of California enacted the California Safe Drinking Water and Toxic Enforcement Act of 1986, (Prop. 65), which "prohibits any person in the course of doing business from knowingly and intentionally exposing any individual to a chemical known to the State of California to cause cancer or reproductive toxicity without first giving clear and reasonable warning to such individuals."
The Governor's Scientific Advisory Panel added Carbon Monoxide to the list of hazardous chemicals known to cause reproductive harm.
In order to establish full compliance with Proposition 65, a yellow warning label has been attached to each gas fired unit manufactured by AccuTemp Products,Inc. Carbon monoxide would not be present in concentrations that would pose a "significant risk" to the consumer when the equipment is installed, operated and maintained as follows:

1. Installed in accordance with all local codes, or in the absence of local codes, with the current National Fuel Gas Code Z223.1, latest addenda.
2. Installed under a properly designed and operating exhaust hood.
3. Connected to the type of gas for which the unit is equipped.
4. Proper appliance pressure regulator installed on the gas supply line and adjusted for the manifold pressure marked on the rating plate.
5. Adequate air supply to the unit and adequate clearance around the flue.
6. The equipment is operated in the manner intended using the proper utensil for that type of appliance.
7. Keep the equipment clean and have it checked periodically.
8. Burner air adjustments, mechanical maintenance and repairs should be performed by qualified service personnel.

WARNING SYMBOL DEFINITIONS

SYMBOL DEFINITIONS

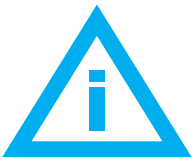
Symbols are used to attract your attention to possible dangers. They are only effective if the operator uses proper accident prevention measures. Some of the symbols are boxed text; while others maybe just picture icons. Please give this information the respect they deserve for safe operation.

Symbol Icons

Below are definitions of the symbol icons used in this manual.

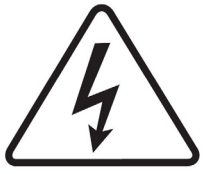
DANGER
Indicates an imminently hazardous situation; which, if unchanged, will result in death or serious injury.

CAUTION
Indicates a potentially hazardous situation; which, if unchanged, will result in minor or moderate injury.

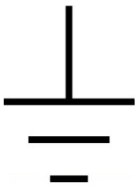


NOTE
Advises the reader of information or instructions, vital to the operation or maintenance of the equipment.

CAUTION - HOT SURFACE



DANGEROUS VOLTAGE



EARTH GROUND

SAFETY PRECAUTIONS

DANGER

ELECTRICAL SHOCK HAZARD WHILE WORKING ON ENERGIZED EQUIPMENT.

Unplug equipment prior to removing any components effected by electricity.

BURN HAZARD WHILE WORKING ON STEAM PRODUCING EQUIPMENT.

When accessing the cooking chamber, be sure to always stand back while slowing opening the door to allow the chamber to vent off the steam. Never reach into the cooking chamber before it has completely vented off the steam.

Never reach into the cooking chamber or handle hot items without wearing the proper heat protective gloves. Steam coming out of the holes on the right side of the cooking chamber is invisible and can cause severe burns.

Water inside the steam chamber, creating steam, has a temperature of 212°F and will cause burns if touched or spilled on the skin.

PERSONNEL INJURY HAZARD WHILE PICKING UP OR MOVING HEAVY EQUIPMENT.

Always use 2 people and proper lifting techniques when picking-up, moving, or inverting heavy equipment.

SLIP & FALL HAZARD WHILE WORKING ON WATER HOLDING EQUIPMENT.

Keep the floor in front of the equipment clean and dry. If spills occur, clean them up immediately to avoid potential injuries.

ITEM #	PART NUMBER	DESCRIPTION
#1	AT2A-6569-XX	ASSEMBLY, COMBUSTION CHAMBER WELD*
#2	AT2B-6445-1	METAL MESH BURNER, 48” 30,000 BTU
#6	AT2M-3562-3	BARRIER, FLUE GAS
#7	AT0F-1017-41002	NUT, #10-24UNC HEX SERRATED
#8	AT0B-2891-1	ELBOW 90º COMPRESSION
#9	AT0F-2909-1	NPT PIPE LOCKNUT
#10	AT2M-3638-1	BRACKET, SIGHT GLASS
#11	AT2H-3637-1	GLASS, SIGHT
#12	AT2E-6448-1	IGNITOR
#13	AT2E-4717-1	SENSOR, FLAME
#14	AT0F-1046-21032	SCREW, #6-32 x 1/4 PHLP TRUSS HEAD
#15	AT0F-1046-41042	SCREW, #10-24 x 3/8 PHLP TRUSS HEAD
#16	AT2M-3562-5	BARRIER, FLUE GAS
#17	AT0F-4616-21002	NUT, KEPS
