

CME650R SERVICE PARTS

This section contains the parts illustrations and parts lists for the CME650R.

CME650R ice machines are manufactured in both single and three phase. When ordering electrical parts, be certain to match the voltage to the ice machine.

Example:

CME650RE-32A is a single phase machine.

CME650RE-3A is a 3 phase machine.

A "no number" designation, when found in the part number column, indicates the part in question is not available from Scotsman as an assembly. This designation is used only for clarity in making the list.

When ordering parts, to avoid costly delays and errors, give the part number, the complete description as shown in the list, and the quantity of each part or assembly required.
