EXTERNAL DIMENSIONS

Converting the indoor unit from rear (as supplied) to bottom return

1. Remove the filter from the rear return opening of the unit.
2. Remove the screws from the rear and bottom sides of the L-shape rear return plate.
3. Pull the rear return plate out of the unit in the direction of the arrows on Fig. 1
4. Reinstall the filter on the bottom return plate opening.
5. Place the L-shape bottom return plate in the rear of the unit as shown in Fig. 2.
6. Screw the rear and bottom sides of the bottom return plate to fasten it to the unit.
