

TYPICAL HOSE REEL WITH LEG BRACKET INSTALLATION

RELIABILITY BUILT IN™

The G018477-45 Heavy-Duty Stainless Steel Table Leg Hose Reel Swing Bracket is designed for mounting on a table that has 1-5/8" (4.128 cm) diameter legs with a fixed 1-5/8" (4.128 cm) diameter lower cross brace. This bracket requires a fixed lower cross brace.

Please note:

- This bracket is not designed for tables with an undershelf or for tables with adjustable cross bracing.
- Recommended that table is anchored to the floor when reel is installed.

G018477-45 Table Leg Swing Bracket Features:

- Accepts all 3/8" and 1/2" T&S hose reels
- 210° rotation with multiple locking positions
- Allows hose reel installation closer to cleaning location
- Convenient right- or left-hand mounting
