BEFORE OPERATING ANY EQUIPMENT, READ AND FAMILIARIZE YOURSELF WITH THESE USE AND SAFETY INSTRUCTIONS

*Congratulations on your purchase of this WINCO® commercial equipment. WINCO takes pride in the quality of its products. When used as intended, and with proper care and maintenance, you will experience years of reliable operation from this equipment. To ensure best results, it is important that you read and follow the instructions in this manual carefully. **It's important to save these instructions for future reference.***

Stainless Steel Coffee Urn

Important For Future Reference

Please complete this information and retain this manual for the life of the equipment. For Warranty Service and/or parts, this information is required.

Model Number

Serial Number

Date Purchased

WARNING: IMPROPER INSTALLATION, ADJUSTMENT, ALTERATION, SERVICE OR MAINTENANCE CAN CAUSE PROPERTY DAMAGE, INJURY, OR DEATH. READ THE INSTALLATION, OPERATION, AND MAINTENANCE INSTRUCTIONS THOROUGHLY BEFORE INSTALLING OR SERVICING THIS EQUIPMENT.

CAUTION: THESE MODELS ARE DESIGNED, BUILT, AND SOLD FOR COMMERCIAL USE ONLY. IF THESE MODELS ARE POSITIONED SO THE GENERAL PUBLIC CAN USE THE EQUIPMENT, MAKE SURE THAT CAUTION SIGNS, WARNINGS, AND OPERATING INSTRUCTIONS ARE CLEARLY POSTED NEAR EACH UNIT SO THAT ANYONE USING THE EQUIPMENT WILL USE IT CORRECTLY AND NOT INJURE THEMSELVES OR HARM THE EQUIPMENT.

WARNING: A FACTORY AUTHORIZED SERVICE PROVIDER SHOULD HANDLE ALL MAINTENANCE AND REPAIR. BEFORE DOING ANY MAINTENANCE OR REPAIR, FOLLOW SERVICE SET UP ARRANGEMENT ON WWW.WINCOUS.COM.

Introduction

Congratulations on the purchase of the WINCO® equipment. Please take time to carefully read through this manual to ensure the equipment is operated and maintained properly, to ensure the best possible performance from the product for many years.

WINCO will not accept liability for the following if:

- The instructions in this manual have not been followed correctly.
- Non-authorized personnel have tampered with the equipment.
- Non-original spare parts are used.
- The equipment has not been handled and cleaned correctly.
- There is any use damage to the unit.

Immediately Inspect for Shipping Damage

All containers should be examined for damage before and during unloading. The freight carrier has assumed responsibility for its safe transit and delivery. If equipment is received damaged, either apparent or concealed, a claim must be made with the delivering carrier.

- A. Apparent damage or loss must be noted on the freight bill at the time of delivery. It must then be signed by the carrier representative (Driver). If this is not done, the carrier may refuse the claim. The carrier can supply the necessary forms.
- B. If concealed damage or loss is not apparent until after equipment is uncrated, a request for inspection must be made to the carrier within 15 days. The carrier should arrange an inspection. Be certain to keep all contents and packaging material.

Package Contents

All units come with an the following:

- Coffee Urn
- Percolating Filter

WINCO® prides itself on quality and service, ensuring that at the time of packing, all products are supplied fully functional and free of damage. Should you find any damage as a result of freight, please contact your WINCO dealer immediately.

Unpacking the Equipment

DISPOSE OF ALL PACKAGING MATERIALS IN AN ENVIRONMENTALLY RESPONSIBLE MANNER.

1. Remove all packing materials and tape, as well as any protective plastic and cardboard, from the unit.
2. Clean any glue residue left over from the plastic or tape.
3. Place the unit in the desired position and height.

SAVE THE ORIGINAL BOX AND PACKAGING FOR USE IN PACKAGING AND SHIPPING THE EQUIPMENT IF SERVICES ARE NEEDED.

Thoroughly read, understand, and follow these instructions before installation and use.

Please keep this manual in a safe place for future use!

NOTE

Please remember that this manual and the warning labels do not replace the need to be alert, to properly train and supervise operators, and to use common sense when using this equipment.

Important Safeguards

To ensure safe installation and operation, please carefully read and understand the following statements.

Unless the operator is adequately trained and supervised there is a possibility of serious injury. Owners of this equipment bear the responsibility to make certain that this equipment is used properly and safely, and to strictly follow all of the instructions contained in this manual and the requirements of local, state or federal law.

Owners should not permit anyone to touch this equipment unless they are over 18 years old, are adequately trained and supervised, and have read and understood this manual.

Owners should also ensure that no customers, visitors or other unauthorized personnel come in contact with this equipment. It is the responsibility of the owner and the operator to remain alert to any hazards posed by the function of this equipment.

If there is ever uncertainty about a particular task or the proper method of operating this equipment, ask an experienced supervisor or contact Winco® for assistance.

Warnings

This manual contains a number of precautions to follow to help promote safe use of this equipment.

	WARNING  AVERTISSEMENT
	USE CAUTION WHEN TOUCHING THE UNIT. Ne touchez pas le liquide chaud ou les surfaces de chauffage lorsque l'appareil chauffe ou en fonctionnement.

FOR YOUR SAFETY

Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or any other appliance.

ESURE DE SECURITE

Ne pas entreposer ni utiliser d'essence ni autres vapeurs ou liquides inflammables a proximite de cet appareil ou de tout autre appareil!

WARNING

Improper installation, adjustment, alteration, service or maintenance can cause property damage, injury or death. Read these installation, operating and maintenance instructions thoroughly before installing or servicing this equipment.

AVERTISSEMENT

L'installation, le réglage, la modification, la réparation ou l'entretien incorrect de cet appareil peut causer des dommages matériels, des blessures ou la mort. Lire attentivement les instructions d'installation, de fonctionnement et d'entretien avant de procéder a son installation ou entretien.

TO PURCHASER

Contact your local gas supplier and ask for instructions in the event the user smells gas. This information should be posted in a prominent location.

À L'ACHETEUR

Communiquez avec votre distributeur de gaz et informez vous quant aux procédés a suivre si vous détectez une odeur de gaz. Cette information doit etre affichée a un endroit facile d'accès et tres visible.

Important Safeguards

These instructions should be followed at all times. Failure to follow these instructions could result in injury to yourself and others.

TO REDUCE RISK OF INJURY OR DAMAGE TO THE UNIT:

1. Read this manual thoroughly before installation and operation. DO NOT proceed with installation and operation if you have any questions or do not understand anything in this manual. Contact your representative or the manufacturer first.
2. DO NOT touch any surfaces that may be hot.
3. Unplug from outlet when not in use prior to installing or removing parts and before cleaning. Allow for the device to cool first before handling.
4. To protect against the risk of electrical shock, do not immerse the appliance, cord or plug in water, or other liquids.

	WARNING ⚠️ AVERTISSEMENT	
	Electrical Shock Hazard Keep water and other liquids from entering the inside of the unit. Liquid inside the unit could cause an electrical shock.	Risque de choc électrique Conserver l'eau et d'autres liquides de pénétrer à l'intérieur de l'appareil. Liquide à l'intérieur de l'appareil pourrait provoquer un choc électrique.
	Do not spray water or cleaning products. Liquid could contact the electrical components and cause a short circuit or an electrical shock. Do not use unit if power cord is damaged or has been modified.	Ne pas pulvériser de l'eau ou des produits de nettoyage. Le liquide pourrait contacter avec les composants électriques et causer un court-circuit ou un choc électrique. Ne pas utiliser l'appareil si le cordon d'alimentation est endommagé ou a été modifié.

5. DO NOT operate this device or any other electrical equipment with a damaged cord or plug, or after the unit malfunctions, is dropped or damaged in any manner. Return to the nearest WINCO Authorized Service Center for examination, repair and/or adjustment.
6. The use of accessory attachments not recommended by WINCO may cause fire, electric shock or injury.

	WARNING ⚠️ AVERTISSEMENT	
	Fire Hazard. Correct installation precautions, procedures and regulations must be followed. Operation and safety training is necessary for all users of this equipment.	Risque d'incendie La surchauffe des vapeurs d'huile ou de l'huile peut s'enflammer et provoquer un incendie. Surveillez la température, la qualité et le niveau d'huile. Utilisez et entretenez le système d'élimination des vapeurs d'huile.

7. Not intended for outdoor installation.
8. DO NOT let the cord hang over the edge of a table or counter, or touch hot surfaces.
9. DO NOT place on / near a hot gas / electric burner, or heated oven.
10. This appliance should always be on a stable and steady countertop or table. Allow sufficient space around the cooking area. Never use the unit on/near low-heat-resistant materials (carpet, vinyl).

11. This appliance is not intended for use by individuals (including children) with reduced or impaired physical, sensory or mental capabilities, or lack of experience or knowledge, unless they have been given proper supervision or instruction concerning the use of this appliance by a person responsible for their safety.
 12. Any objects that are not intended for use with the appliance should not be in the unit.
 13. Clean with caution - if a wet sponge or cloth is used to wipe spills on a hot cooking surface, exercise caution to avoid steam burns. NOTE: some cleaners may produce noxious fumes when applied to a hot surface.
 14. Do not store any item on top of this unit when in operation.
 15. Never place materials such as paper, cardboard, plastic, etc. on or under this unit.
- 16. Proper connections and power supply are essential for efficient performance.**
17. If an extension cord power-supply is used,
 - a. The marked electrical rating of the extension cord should be rated the same or greater than the electrical rating of the unit.
 - b. The cord should be located so that it does not drape over the counter/tabletop and can not be damaged or moved unintentionally.
 18. The units are wired to be used with a standard 120V or 220V/AC receptacles and may be plugged into any convenient outlet (refer to units serial plate).
 19. The installation of the unit must conform to the NATIONAL ELECTRIC CODE, ALL LOCAL ELECTRIC CODES AND ORDINANCES, AND ALL THE LOCAL ELECTRICAL COMPANY RULES AND REGULATIONS. Additionally, we recommend a 4" spacing surrounding the unit in order to provide adequate ventilation.

Proper Grounding · Mise à la terre correcte

This machine is provided with a three-pronged grounding plug. The outlet to which this plug is connected must be properly grounded. If the receptacle is not the proper grounding type, contact an electrician. DO NOT, under any circumstances, cut or remove the third ground prong from the power cord or use any adapter plug.

Cette machine est équipée d'une fiche à trois broches. La prise sur laquelle cette fiche est branchée doit être correctement mise à la terre. Si la prise n'est pas le type de mise à la terre, contactez avec un électricien. NE PAS, en aucun cas couper ou enlever la troisième broche de terre à partir du cordon d'alimentation ou utiliser un adaptateur.

**USE A GROUNDED OUTLET
DO NOT ADD AN ADAPTOR
TO THE PLUG**

**UTILISER UNE PRISE AVEC MISE
À LA TERRE NE PAS AJOUTER UN
ADAPTEUR SUR LA FICHE**

Preparation

It is recommended to clean the coffee urn before the first use. To clean and protect the urn, the manufacturer used food grade cleaning oil on the product.

1. Fill the coffee urn to "MAX" level with water, boil, discard the water, and rinse. Repeat the procedure several times to remove any dust, residues, etc., from the coffee urn.

Operation

1. Place Coffee Urn on a flat leveled surface.
2. Remove locking lid by turning counterclockwise and remove the filter basket.
3. Fill Coffee Urn with water up to the "MAX" indicator inside.
4. Insert the filter basket and fill it with the desired amount of coffee.

Once filled with coffee, lock the lid by turning clockwise.

NOTE: When inserting the coffee filter, make sure that the percolator tube is inserted properly into the Urn otherwise it will not work properly.

Cups (5 oz Serving)	Ground Coffee (8 oz Dry)
12-15	3/4 Cup
20-25	1-1/2 Cups
30-36	2 Cups
40-45	2-1/2 Cups
50-55	3-1/4 Cups
60-65	3-3/4 Cups
80-85	5-1/2 Cups
95-100	6-1/4 Cups

5. Plug the unit into 120V or 220V power source (as noted on serial tag) and turn ON. The heating indicator light will turn on and the water will start to heat up, the water will sprout from the percolator tube and fall on the coffee grinds. This will continue until the unit automatically switches to its warming state.

WARNING: DO NOT attempt to open the lid while the unit is operating to avoid the risk of burning due to the hot coffee.

6. Once warming indicator light turns ON, the coffee can now be dispensed. Use the faucet to dispense the coffee.
7. When about 3 cups of coffee is remaining in the urn, turn the unit off and unplug it from the power source.

WARNING: DO NOT operate the unit when there is less than 3 cups of coffee in the unit to prevent boil-dry accident.

Cleaning, Care & Maintenance

To maintain the appearance and increase the service life, clean the coffee urn daily.

Clean all surfaces before using the appliance. Also clean after each day's operation; however, the unit may require more frequent cleaning, depending on the volume of production.

- Switch power off and disconnect from the outlet before cleaning.
- Unplug the unit when not in operation.
- Allow unit to cool before attempting to clean.
- The interior of the coffee urn should be cleaned periodically with warm, soapy water and soft cloth.
- The exterior of the unit may be cleaned by carefully wiping with a damp cloth
- **DO NOT** immerse the unit in water.
- **DO NOT** clean with a pressure washer.

Safety Precautions

Before installing and operating this equipment be sure everyone involved in its operation are fully trained and aware of all precautions. Accidents and problems can result from a failure to follow fundamental rules and precautions.

- A WINCO® Approved Recommended Qualified Service Technician should carry out repairs if necessary. Do not remove any components or service panels on this product.
- Before handling, allow the equipment to cool after use.
- Before cleaning, switch off power and disconnect power cord from the outlet.
- **Do not immerse unit in water or use hose to clean.**
Ne jamais immerger l'appareil dans l'eau ni utilisez un jet d'eau pour le nettoyer.
- If the power cord is damaged, it must be replaced by a WINCO® Approved Recommended Qualified Service Technician in order to avoid a hazard.

THIS EQUIPMENT MUST ONLY BE SERVICED BY AN AUTHORIZED AGENT.

 HOT	WARNING ⚠️ AVERTISSEMENT	
	Burn Hazard. When in operation, the appliance surfaces will be HOT! Please take extreme caution.	Risque de brûlure. En fonctionnement, les surfaces de l'appareil seront CHAUDES! <i>S'il vous plaît prendre une extrême prudence.</i>
USE CAUTION WHEN TOUCHING THE UNIT.	Ne touchez pas le liquide chaud ou les surfaces de chauffage lorsque l'appareil chauffe ou en fonctionnement.	

Troubleshooting

If your equipment unit does not operate, please check the following prior to placing a service call.

ISSUE	MIGHT BE CAUSED BY	RECOMMENDED SOLUTION
The unit is not turning on	Power supply cord or circuit breaker.	Check that the power supply cord is correctly plugged into the outlet. Check outlet for power
	Switch has not been turned on	Check that the switch is in the ON position.
	Plug/cord or external wiring is damaged	Remove and replace damaged plug and wiring - <i>Replacement must be done by an authorized service provider.</i>
	Internal wiring fault	
The unit is not heating up	Indicator light does not come on	See "unit is not turning on" section.
	Safety thermostat shut off has tripped	Turn the unit off, unplug from the power source, and allow the unit to cool down. Once cooled plug the unit in and turn the power switch on.
Faucet is leaking	Leaking seal	Tighten the inside nut that secures the faucet in place
		Replace leaking seal
Coffee tastes bad/is burnt	Unit not properly cleaned between uses	Let the coffee cool, empty the unit and clean using the proper cleaning and care operations. Make sure to clean the heater area in the bottom center of the urn to avoid burnt coffee.
	Improper amount of coffee ground to water	Try using the guide table for recommended servings, or attempt another recipe.
	Coffee too hot	Check coffee temperature with a thermometer. If it's over 195°F, the thermostat may be faulty - Contact Winco
Coffee too hot (Over 195°F)	Thermal disk is faulty	Remove and replace faulty thermal disk - <i>Replacement must be done by an authorized service provider.</i>
Glass level indicator dirty	Darkens over time with use	Allow the unit to cool, then empty out contents, unscrew the top off the glass indicator to remove. Clean with soap and water - pipe cleaner is useful if available. Replace top before refilling the unit and properly screw down securely.

Service and Repair

THIS EQUIPMENT MUST ONLY BE SERVICED BY AN AUTHORIZED AGENT.

NOTE

Parts protected by the manufacturer or its agent are not to be adjusted by the installer unless the installer is an authorized service agent.

If you have any questions or problems DO NOT send unit to WINCO® without first contacting our customer service department.

See "Limited Warranty" section on www.winco.com for details.
